You say you can't be bothered with 9/11 truth, the genocide in Gaza, or our country's Zionist Occupied Government. You say all you care about is your job, your family, and your own personal amusement. You call that normal. I call it retarded.

We're at war – a spiritual war far more dangerous than a shooting war. Our enemies are satanists, literal devil worshippers. They murder and sacrifice children to Moloch. But instead of fighting, you want to bury your head in the sand and pretend no such war is taking place. You're a snivelling coward.

You're a womyn who "don't need no man," a girl boss who dresses in short skirts, tight jeans, and yoga pants. You crave masculine attention, but dismiss every man who approaches you. You spend your days checking likes and messages to your dating profile, teasing men, and reading romance novels – and you've had three abortions. You call that normal. I call it retarded.

Yet you reject all that. You're in rebellion against God. You're a disgrace.

You say you love your children, but you refuse to homeschool them. You claim you don't have time, but you waste more time watching sports, porn, and stupid sitcoms than it would take to teach your children at home. You call that normal. I call it retarded.

Children aren't meant to be raised by strangers; they're meant to be raised by their parents. That means you, but you're too selfish to do it. So you ship your kids off to mass indoctrination centers that call themselves schools, where blue and pink-haired Communist child molesters destroy your child's innocence and program them into accepting every disgusting and perverted act imaginable. If your children end up in hell, and they will, then God will hold you accountable and He will send your sorry ass down to hell with them.

You work 60 hours a week cooped up in a dingy office cubicle, toiling in a factory, or waiting on the public. You hate every second of it and wonder how long it will be until you're replaced with a robot. You call that normal. I call it retarded.

The human body was meant to move outdoors, not to sit stationary in a poorly ventilated office, or to spend all day in a factory or retail establishment. Our eyes are designed for distant vision, not to stare into computer screens and iPhones.

Granted, we all have to make a living. But if you call spending nine hours a day, plus a one hour commute, at a job you hate, anything less than retarded, then I have a bridge in Baltimore I'd like to sell you.

You're an incel who longs for the touch of a woman, but no woman on earth wants to touch you. You claim you can't meet women, but you spend all your time in your parents' basement playing video games. You say there are millions of other young men just like you and you call it normal. I call it retarded.

If you want to meet women, you have to put yourself in places where women can see you. If you waste your time playing video games or, worse, you join the military, you're never going to meet the type of girls you want to meet. Your problem is actually easily solved. Read my latest book.

You pay no attention to the food you eat. You stuff your face with manufactured goyslop – pizzas, pretzels, sodapop, and every form of Frankenfood imaginable. You say everyone eats that way and you call it normal. I call it retarded.

Humans weren't meant to eat fake food. And for centuries they didn't. But we've normalized selling store-bought processed food, and I use the word "food" lightly. It's not real food, it's garbage. Yet hundreds of millions of Americans eat that garbage every day.

Everything we accept in current day society as normal is the opposite of normal. There's an inherent insanity in all of it. People are no longer people, they're sheep, programmed to do the bidding of their masters. Everyone you know, everyone around you, calls it normal. I call it retarded.
